

Fairgrounds Oval Improvements

South Park

Overview This project restored the ball fields, football field and track at this popular recreational destination in the hub of this busy park. The Parks Foundation also replaced the deteriorated bleachers on the slope of the Oval with a meadow featuring native plantings. These improvements greatly enhance the attractiveness and usability of the Oval.

Partners Allegheny County

Funding Pennsylvania Department of Conservation and Natural Resources and Allegheny County

Allegheny County Parks Foundation

We work together to improve, conserve, and restore the nine Allegheny County parks.
